This is a 1959 35hp Evinrude Lark outboard 15' short shaft in great running condition. This engine has been fully restored with a dupont paint job. These are very desirable outboards as they are from the iconic 50's era.

I picked up my second
1959 Evinrude Lark...
She's in GREAT shape-
It looks like it's only
been run a few hours...
The best part of the
whole 'score' is the
other stuff that I now
have- It came with
controls, electrical
harness, and dash
plate, complete with
the 'Golden Jubilee'
emblem... AND- I've
got the Original '59

I had a '59 35hp Lark Evinrude when I was a kid. OMC specified 25:1 fuel/oil ratio for that motor. I'm not sure if I would lean the oil mixture to 40:1 or 50:1. MHO. As was stated, dripping oil is the unburned excess and is normal for that motor. thanks eric
