Remember, look at the fraction bar as a 'divided by' bar. For instance 1/2 means the same as 1 divided by 2 which equals 0.5. Or 3/5 is 3 divided by 5 which equals 0.6. That's all you need to know to convert the following worksheets on fractions to decimals! Converting fractions to decimals is a common concept that is often taught in the fifth and sixth grades in most educational jurisdictions.
