LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

For the 21st century, Daniel Pink recommends a full upgrade to the "third drive" or Motivation 3.0, which is built on the assumption that, besides biological urges and extrinsic motivation, humans also have a desire to learn, to create, and to make the world a better place. In short, it recognizes the power of intrinsic motivation. The Three Elements of Motivation 3.0
