Mavericks, Miracles, and Medicine: The Pioneers Who Risked ...

Like the title *Mavericks, Miracles, and Medicine: The Pioneers Who Risked Their Lives to Bring Medicine into the Modern Age*, the prose in the book sometimes tends toward the breathless -- an inclination hardly new in the genre of popular science. This book may interest clinicians who are drawn to history, professors of basic science who are seeking historical perspectives to include in their teaching, young people who are hoping to pursue careers in biomedicine, and members of the general ...
