LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

Moxie A Zoella Book Club

Moxie shows that sexist behavior shouldn't be tolerated at all, in a fantastic impressive way. I love how Jennifer Mathieu gives girls a voice and makes her story accessible for a large group of readers. This is a book that can really make a difference and I think it's a perfect example for teenage girls.
